THE COLE NURSERY CO.

PAINESVILLE, OHIO

ESTABLISHED 1881

Descriptive Colored
Broadsides on
Request

700 ACRES

“Everything That’s Good and Hardy”

Instructions to Purchasers

We Guarantee our plants to arrive in good order. Should they be otherwise, or should a shortage occur notify us immediately.

No claim will be considered unless made within five days after receipt of goods.

We Guarantee our plants to be "free of disease" and "true to name," and will replace without charge or refund the amount paid for stock that proves otherwise.

TERMS—Net Cash

Advice and estimates will be gladly given when requested. Cole's 16-page Booklet, "How to Make Things Grow," is FREE—get your copy.

Packing—Stock will be packed FREE in the best modern methods, so as to carry to its destination in fresh condition.

Shipping—Cole Prepays All Carrying Charges to Greater Cleveland and to Akron. Elsewhere orders will be sent collect. Most of our plants are too large for Parcel Post. Perennials, bulbs, small shrubs, etc., will be sent by Parcel Post if you include 15c per order additional.

Our Suggestion for 1933

**Select Your Source of Nursery Plants
with Extreme Care**

Probably more than ever it is necessary during this year to buy **Live Nursery Plants** from a **Dependable Nursery**.

The nurseryman dares not curtail expenses by neglecting the care of his plantations. Such neglect for even one year will invite disease, unshapely growth and other troubles.

We assure you that we are maintaining the necessary trimming, cultivating, spraying, and root pruning, and, as for 52 years past you are in this year 1933 **Perfectly Safe** in purchasing.

"Everything That's Good and Hardy"

We invite you to come and inspect our plant—we know we will gain your approval.

Fruit Department

APPLES, Standard

	Each	Per 10	Per 100
5 to 6', 11/16'' and up, 2 years.....	\$.50	\$4.00	\$28.00

IMPORTANT**Disease Free—True to Name**

Cole's stock is inspected yearly by Government Officials and pronounced free of injurious insects and diseases.

We also frequently employ the services of the World's Greatest Experts on varieties to make sure that the trees you buy are "*True to Name.*"

INDEX—Your pet common name will be found in
the index in back of book.

COLE'S ROOT-PRUNED SHADE TREES

Are specified by careful Landscape Gardeners and buyers who want only the best. *Cole's Spacing*, which gives the trees ample room to develop properly, is another reason for this specification.

nigra. *River Birch*—40'

1 3/4" (B & B \$3.00 additional)	5.00
2" (B & B \$4.00 additional)	6.00
2 1/2" (B & B \$5.50 additional)	8.00

Birch are quite difficult to transplant. For success we recommend they be dug with ball of dirt (B & B)

GRADING

For simplicity we mention in many cases the minimum size only. However, it is our purpose and custom to include all plants up to the next larger size.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth while.

We endeavor to always have a very high class collection to meet all needs. (See pages 49 to 53.)

Orders for twenty-five Perennials or more deduct 3 cents each.

PEONIES

Cole's Peony Collection comprises two hundred and fifty (250) varieties. By continual study and observation we have procured this enviable collection. We continually stress quality, and with this in mind we eliminate each year ten to fifteen of the least desirous varieties and add as many new ones for testing. You can see you will be sure of receiving a worth while variety—no matter which one you order.

Disease-free plants are necessary for continued bloom and success. Cole does not hesitate to discard any plant showing the slightest sign of disease.

Let us quote you on any varieties required.

CHINESE VARIETIES

	Each
8.6 ALBERT CROUSSE. Light rose-pink; late.....	\$.50
7.8 AUGUSTIN D'HOOR. Deep solferino red. Mid-season.....	.40

grandiflorum. Blue. July to October—2'.....	.15
grandiflorum album. White. July to October—2'....	.15

PLUMBAGO larpentae. (See *Ceratostigma*.)

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting. Let us have your list of wants.

	Each

MEMORANDUM

WE RECOMMEND FOR YOUR GARDEN

GERMAN PEAT (*Humus*)

Extremely beneficial for retaining moisture in dry soils and for loosening heavy soils that tend to bake; promotes healthy, rapid, fibrous root action in nearly all flowers, plants and trees. Especially necessary for Rhododendrons and Azaleas. Medium acid. Bale (the largest obtainable), about 22 bushels when broken up, weight about 180 lbs., \$3.90. Large sacks for 75c each.

VIGORO, the Complete Plant Food

A fine, balanced fertilizer; clean odorless and easy to apply. Directions for use with every package. 100-lb. bag for \$4.00. 50-lb. bag for \$2.50. 25-lb. bag for \$1.50.

***“Everything That is Good
and Hardy”***

When I Look at a Rose

In the time of depression and worry,
When the shadows like eventide close,
Do you know I can always find courage
And joy when I look at a rose?

On the days that seem heavy with trouble,
On the days that are black with despair,
When I turn to my garden of roses,
Lo, comfort and joy are both there.

And oft when alone and old mem'ries
As silent as shadows shall come,
The sweetest of these are of Mother,
And the roses that bloomed round my home.

Why search you in far lands for beauty,
Which cannot with our own land compare?
If you'd only a garden of roses,
You'd have beauty enough and to spare.

Why cling only to flowers of the Summer,
Which must fade and must wither so soon?
When the rose that will bloom in the Autumn,
Is as fair as the fairest in June.

The crimson and gold of the roses
Are sent by the Master above,
From His glorious garden, the sunset,
And their fragrance, Ah, that is His love.

By E. A. JUDKINS

Plant Foreman, The Cole Nursery Co.
